

Do It, Lord

I see your glory, covering the earth, Lord,

Just as the waters, covering the sea.

I see the millions coming to salvation.

I see revival, fire in the land.

I see the lost, nameless ones remembered.

I see the widows, shouting out Your praise.

I see the friendless, loved and celebrated,

Orphans fulfilling Lord, Your calling on their lives.

Do it, Lord. Do it Lord.

Do it, Lord; we are praying.

Do it Lord. Do it

That Your glory may be seen. (2x)

I see forgiveness over taking hatred,

Pride and prejudice, now giving way to love.

I see depression replaced with joy and gladness,

And Satan's lies, now bowing to the truth.

(Repeat Chorus)

Do It Lord, do it Lord

Do it Lord we are praying

Do it Lord. do it!

That your glory may be seen (2x)

This is our prayer, O God.

This is our desperate cry.

In these days that were living now,

Let Your kingdom come,
Let Your will be done.

I see the brokenness of families brought to wholeness
I see the prodigals running home to you
Father's hearts now turning toward their children
And children's hearts turning toward the fathers
I see your church rising up in power
Laying down their lives in unity and love
I hear the sound of every tribe and nation
Giving glory to Jesus Christ the Son

(Repeat Chorus)
Do It Lord, do it Lord
Do it Lord we are praying
Do it Lord. do it!
That your glory may be seen (2x)

This is our prayer oh God
This is our desperate cry
In these days that we're living now
Let your kingdom come
Let your will be done
Let your kingdom come
Let your will be done
Let your kingdom come
Let your will be done
