

## **Living My Life for You**

Living my life for you  
I am living my life for you  
Shining the light for all the world to see

And when I'm giving my life to you  
There is nothing I can't do  
Cause I'm living in a live that sets me free  
When I'm living my life for you

Like a city on a hill  
I'm a light that can't be dimmed  
Shining the love of Jesus all around  
I'll shout it to the world Yeah!  
And make a joyful noise  
How can I keep it quiet or hold it down

When I am living my life for you  
I am living my life for you  
Shining the light for all the world to see  
And when I'm giving my life to you  
There is nothing I can't do  
Cause I'm living in a love that sets me free  
When I'm living my life for you.

Living my life for you  
I am living my life for you  
Shining the light for all the world to see  
And when I'm giving my life to you  
There is nothing I can't do  
Cause I'm living in a love that sets me free

And when I'm giving my life to you  
There is nothing I can't do  
Cause I'm living in a love that sets me free

When I'm living my life for you (3x)
